AUTHOR | INSPIRATIONAL SPEAKER

EBONY HUMPHREY

Ebony Humphrey is the Founder of EBH Ministries, president of Explosion Publishing & Press, and author of *Inside the Locker Room: A Journey of Faith and the Power of Prayer*. One of the brightest new voices in inspirational literature, she is determined to counter the stereo typical image of a professional athlete's wife and encourage women to seek first the Kingdom of God and allow his wisdom to guide them in all aspects of life.

Wife of New Orleans Saints TE Tory Humphrey Sr., **Ebony** is a young woman wise beyond her years. A survivor of a tumultuous childhood that included a mother suffering from mental illness, abuse, and time spent in the foster care system she is now in a place in her life she can truly declare victory.

Ebony Humphrey is well aware of the bling bling view of 'Ballers Wives' portrayed in the media, but she wants to show that women can be married to high profile individuals and still live the life of a virtuous woman. Her no-nonsense approach to spirituality contradicts the image of happiness being found in over priced shoes, designer bags, and general over indulgence.

EBONY HUMPHREY

Now prepared to share her story with others **Ebony** will speak at faith based conferences, to women's groups, and overseas Christian organizations. Her goal is to touch the lives of those struggling with their past and the everyday trials that affect women. She will travel across the nation inspiring women to trust God, obtain financial literacy, and embrace the true love of Christ.

Ebony is the mother of 4, and a graduate of Central Michigan University with a bachelor's degree in Psychology (Biology Minor & Pre Med Concentration), she also graduated from Michigan State University's Accelerated Nursing Options program where she completed a 4 yr program in 12 months and became a licensed registered nurse with a concentration in geriatric care and provision, and commercial development and planning.

Bright, energetic, and sincere **Ebony** is set to make a strong and lasting impact in the lives of women across the nation.

Testimony

I am the eldest child of two. I was born in Saginaw, MI. Raised by my grandmother she took the responsibilities of caring for me from my mother who tried her very best to raise my sister and I, but suffered from mental illness and years of abuse. The life of my mother spilled onto my sister and I. We were faced with the identical Goliaths that on many occasions wanted my mother's life. I was raised to believe I was inferior and that I could not achieve anything past waking up in the morning. I grew up climbing trees believing I could escape all of my problems awaiting me on the ground below. As a child I had no sense of belonging. Being placed in the care of others I was the odd man out, and the last one to arrive to the dinner table in order to get the scraps before they went into the trash.

At the age of six years old I was lead to give my life to the Lord. I walked to the front of the church alone to the pastor. He asked me if I knew what I was doing. He said, "Do you know Jesus." He asked me did I believe that Jesus died for my sins, and I said "Yes." He then asked me if I believed that He was the Son of God, and I said "Yes." On that day I fully understood the decision that I had made. I wanted to be saved because I understood the consequences if I wasn't. I did not want Jesus to come back, and say that I could not go with Him.

As my journey in the Lord was beginning, I would look toward the clouds, and ask God to lock the enemy up. And on many days when the skyline was red, I believed God had done as I asked. Not only did I believe God heard my cry, I knew and felt He was with me.

Shortly after giving my life to its rightful owner, I was placed in the foster care system for reasons that were in the hands of God. The only thing I understood at the time was that I couldn't live with my grandmother anymore. She told me that child protective services were going to take me away. The next day the dream in which I wished I was experiencing had come true. I was taken from my grandmother for 18 months. When I returned to her my concept of family, independence, and prayer had all changed. I had become a full fledge woman at the age of ten.

Throughout the trials and tribulations of my life from then until now, I have learned to count it all as joy. The Lord wrote the script for my life. He has italicized and bold printed in the script of my life businesses, counseling, inspirational speaking, inventions, guidance, and much more. The blessings of the Most High God has spilled in my life like a fountain overflowing. Now this time the only thing being passed down is the defeat of Goliath, and I praise God without limits for it all!
